

NOAA Fisheries EFH, Consultations, and Beyond

Lunch & Learn

August 14, 2026

NAEP-SC is excited to have staff from NOAA Habitat Conservation Division as our featured speakers. Please join us for lunch and learning about the Habitat Conservation Division, EFH Coordination, and more.

TOPICS

- NOAA Fisheries' Role in Habitat Conservation
- Essential Fish Habitat (EFH) and Why It Matters
- Common Project Impacts and How They Are Evaluated
- Coordination Types and Best Practices
- Tools and Resources Available
- Ways To Improve Coordination Requests and Submittals to NOAA Fisheries
- And more!
