

## Join Us in Raleigh!

### [2010 Environment and Energy Research Conference](#)

June 6-9, 2010

Raleigh Convention Center  
Raleigh, North Carolina

This conference brings together more than a dozen **TRB Energy and Environmental committees** meeting jointly with the **AASHTO Standing Committee on the Environment** and serves as a platform to develop better transportation solutions through the integration of diverse environmental (human and natural) and transportation perspectives.

Join nationally recognized experts in transportation along with forward-thinking professionals in environmental, planning, community and economic analysis, environmental justice, land use, sustainability, climate change, and transportation fields in a frank and open discussion aimed at sharing experiences, examining the realities of major complex issues, and developing common sense approaches to environmental and transportation challenges.

A preconference research workshop on Sunday, June 6, will provide participants with the opportunity to identify critical environmental research needs.

## Conference Location

The Conference will be held at the Raleigh Convention Center, a beautiful new facility, centrally located in downtown Raleigh.

## Registration

**Registration is now open!**

Conference Participants should [register now](#) to **save!** The conference registration fee of \$350 will increase to \$425 after **April 15**, so register today!

## Conference Hotel

A block of rooms will be reserved at the new Raleigh Marriott Hotel City-Center adjacent to the convention center. A conference rate of **\$92/night plus tax** has been established but you must reserve your room by **May 8, 2010**.

## Be a Sponsor

Overall conference sponsorship provides significant opportunities for relationship building among agency, university, corporate, and non-governmental professionals. Let participants know who you are by getting your information prominently displayed. Find out how you can [be a sponsor!](#)
